5990-3699EN	The Agilent Instrument & Accessories Catalog	Catalog
5990-4542EN	Agilent Solutions for Biologic Characterization High-productivity workflow solutions for biopharmaceutical analysis	Brochure
5990-3753EN	Empowering Your Success: Resources for Scientists in Academia and Government	Brochure
5990-3534EN	Agilent BioSeparation Selection Guide	Brochure
5990-3315EN	Application Compendium for DNA, RNA, Protein and Cell Analysis with the Agilent 2100 Bioanalyzer	Application

Bioanalyzer

5990-3699EN	The Agilent Instrument & Accessories Catalog	Catalog
5989-8751EN	Open to Anything: The Agilent Genomics Portfolio	Catalog

5990-4542EN	Agilent Solutions for Biologic Characterization High-productivity workflow solutions for biopharmaceutical analysis	Brochure
5990-3753EN	Empowering Your Success: Resources for Scientists in Academia and Government	Brochure
5990-4113EN	Food Safety Brochure 2009	Brochure
5989-5474EN	Open to Anything: The Agilent DNA Microarray Platform Brochure	Brochure
5989-5547EN	Your instrument purchase isn't complete until you purchase your Agilent column.	Brochure
5990-3532EN	Agilent's SureSelect Target Enrichment System: Bringing Cost and Process Efficiency to Next-Generation Sequencing	Brochure
5989-5122EN	Agilent Bioreagent Components for Processing Microarrays Ordering Guide	Brochure
5990-5008EN	Improving sample quality for SureSelect target enrichment and next-generation sequencing with the High Sensitivity DNA kit	Application
5990-4944EN	MicroRNA Analysis of Archival FFPE	Application
5990-4942EN	Automation of Agencourt AMPure Purification Kit for the Purification of Next-Generation Sequencing Sample Preparation Reactions on Bravo	Application
5990-3558EN	Automation of Stratagene Absolutely RNA 96 Microprep Kit with the Bravo Automated Liquid Handling Platform	Application
5989-7717EN	Forensics Compendium	Application
5990-4097EN	Immunoprecipitation and the High Sensitivity Protein 250 Assay	Application

5988-8322EN	Fast analysis of proteins between 5-50 kDA using the Agilent 2100 bioanalyzer and Protein 50 assay	Application
5990-3948EN	Complete Automation of the Stratagene StrataPrep 96 PCR Purification Kit with the Agilent Bravo Automated Liquid Handling Platform and Agilent Automated Centrifuge	Application
5990-3315EN	Application Compendium for DNA, RNA, Protein and Cell Analysis with the Agilent 2100 Bioanalyzer	Application
5990-3327EN	Strawberry and Raspberry Fruit Differentiation Using the Agilent CE 2100 Bioanalyzer	Application
5989-7730EN	Optimizing real-time quantitative PCR experiments with the Agilent 2100 Bioanalyzer	Application

Microarray scanner

5990-3699EN	The Agilent Instrument & Accessories Catalog	Catalog
5990-4100EN	Agilent's CGH Platform	Brochure
5989-5475EN	Oligonucleotide Array-Based CGH on the Agilent DNA Microarray Platform Brochure	Brochure
5989-5474EN	Open to Anything: The Agilent DNA Microarray Platform Brochure	Brochure
5990-3368EN	Agilent SurePrint G3 Human Catalog CGH Microarrays Product Note	Brochure
5990-4944EN	MicroRNA Analysis of Archival FFPE	Application
5990-4660EN	Automating the CGH/CNV workflow with the Bravo Automated Liquid Handling Platform	Application

5989-7120EN	Copy Number Analysis of Archival FFPE Tumor Samples by Oligo Array CGH	Application
5989-6624EN	A Robust Whole Genome Amplification Method for Agilent Array-based Comparative Genome Hybridization Analysis	Application
5989-9159EN	Agilent's Microarray Platform:How High-Fidelity DNA Synthesis Maximizes the Dynamic Range of Gene Expression Measurements	Application
5989-4486EN	Performance of the Agilent Microarray Platform for One-Color Analysis of Gene Expression	Application
5989-4854EN	New Stringent 2-Color Gene Expression Workflow Enables More Accurate and Reproducible Microarray Data	Application
